

# Terrain regulations

Headquarters  
Regional Sorting Centre (RSC)  
Textile Sorting Centre (TSC)

# Rd4

## General

- The site is off-limits to unauthorized persons, and entering is at your own risk.
- The entire site is under video surveillance for safety and identification purposes.
- The Road Traffic Act applies throughout the site unless otherwise indicated.
- Always strictly follow the instructions and directions of Rd4 personnel.
- Everyone must be clearly visible and identifiable, so wearing high-visibility clothing (vest, jacket, or coverall) is mandatory where indicated.
- Wearing safety shoes (S3) is required for anyone performing tasks such as maintenance, loading, unloading, etc.
- Keep escape routes clear at all times.
- Fire extinguishers and safety equipment must always be accessible.
- The maximum allowed speed is 15 km/h.
- Park vehicles in designated areas.
- Cyclists and moped riders must dismount. At the headquarters, this does not apply to the access road before the barrier and the large employee parking lot.
- Using a mobile phone in a vehicle is only allowed when the vehicle is stationary.
- The use of mobile phones on the outdoor premises is only permitted on footpaths.
- Wearing headphones or earphones with music or other audio is prohibited throughout the site.
- Driving with an uncovered load is prohibited, even on public roads.
- The possession and use of alcohol, drugs, and/or medications that can impair judgment are strictly forbidden.
- Open fire is strictly prohibited. Rauchen ist nur an den dafür ausgewiesenen Stellen gestattet.
- Smoking is only allowed in designated areas.
- Rd4 accepts no liability for damage to or theft of personal belongings at this location.

## On arrival

Upon arrival, you must report in immediately.

**Headquarters:** at the barrier and reception

**RSC:** at the barrier

**TSC:** to one of the managers (if known) or at the office

## Weighing

A maximum of one vehicle is allowed on the weighbridge per weighing.

## Loading and unloading

- Loading and unloading is at your own risk.
- The covering of the load must always be done at the designated area, either via the special stairs or using a hook from the ground.
- Standing on top of the load is prohibited.
- It is prohibited to collect or remove any materials and/or products from the waste.
- The acceptance of waste materials is only according to Rd4's acceptance conditions and requirements.

## Walking on the premises

- TSC: Walking is only allowed within the marked route, unless otherwise indicated by your Rd4 contact person.
- TSC: The separation to the forklift zone is indicated by red lines. You may only enter this zone with an Rd4 employee who has been specifically trained for this purpose.

## In case of emergencies

- Immediately notify your Rd4 contact person and call the Rd4 emergency number 06-23504215 or 888 (landline).
- Secure the work area if possible.
- Follow the green emergency exit signs and go to the emergency assembly point.
- Instructions from the emergency response team, fire department, or rescue services must be followed without delay.
- Our locations are equipped with an Automated External Defibrillator (AED). Ask a first aid responder for assistance.
